SECTION D.
DOPING and DOPE TESTS
WARNING TO MEMBERS

In common with other similar bodies, the B.S.P.S. takes a very serious view of doping, whether intentional or unintentional, having particular regard to the safety of children and welfare of horses and ponies. Members should be aware that many proprietary feeds and preparations contain Prohibited Substances (as defined below) as do many foods such as chocolate. Prohibited Substances can be absorbed through the skin and they are also contained in some homeopathic and herbal remedies including calmers.

It is the responsibility of the Member having custody of a pony, particularly in the twenty four hours before a Show, to ensure that nothing is fed, administered or applied to a pony that contains a Prohibited Substance.

Ignorance is not an adequate defence.

The B.S.P.S. Office is not authorised to give guidance but the B.S.P.S. Office follows the Equine Prohibited Substances List ('EPSL') as published from time to time by the Fédération Equestre Internationale ('FEI'). Where appropriate the B.S.P.S. will adopt threshold levels published in the EPSL. Please note that the EPSL includes any other substance with a similar chemical structure or similar biological effect(s) as substances specifically mentioned on the list. All substances on the list, whether indicated as 'Banned' or 'Controlled', are prohibited substances under the B.S.P.S. Rules. Also prohibited are 'metabolites' of the substances and 'markers', both terms being defined below.

- 63(1) a) Any pony taking part in classes judged under B.S.P.S. Rules and any other pony present at a Show (whether or not competing at the Show) will be liable to Dope Testing (as defined below) in accordance with the Dope Testing procedure laid down by this Rule 63. A refusal or failure, after request, to submit a pony for Dope Testing, or obstruction of an Authorised Person (as defined below) in carrying out Dope Testing, by an Owner and/or Producer or other person having control of the pony shall constitute a breach of this Rule 63.
- b) The presence in the tissues, body fluids, excreta, hair or skin of a pony of a Prohibited Substance (as defined below) shall constitute a breach of this Rule 63 by the Owner and/or Producer and/or any other person within Rule 63(1)(f).
- c) "Authorised Person" means a person authorised to carry out Dope Testing pursuant to Rule 63 (2)(a).
- d) "Dope Testing" means the examination of a pony by a duly qualified person appointed by the B.S.P.S. and includes the taking of samples for subsequent analysis of all or any body fluid, tissue, excreta, hair or skin scrapings at the discretion of the person conducting the examination.
- e) "Prohibited Substance" means any quantity of any substance listed as a 'Banned' or 'Controlled' substance on the Equine Prohibited Substances list ('EPSL') as published by the FEI and in force from time to time excluding any quantity of any substance under any threshold level specified in the EPSL but including any other substance with a similar chemical structure or similar biological effect(s) as any substance on the EPSL and also including any metabolites of such substances and any markers. The terms 'metabolite' and 'marker' shall have the same meaning as in the FEI Anti-Doping and Controlled Medication Regulations as published by the FEI from time to time. Please follow this link for further details: (<https://inside.fei.org/cleansport>)
- f) Any person who administers or attempts to administer, or allows or causes to be administered, or connives at or promotes or encourages the administration, to a pony of a Prohibited Substance or has in their possession or control a Prohibited Substance at a Show, shall be guilty of a breach of this Rule 63.
- g)(i) Whenever a positive dope test occurs, the matter shall be referred to the Disciplinary Committee of the B.S.P.S. within 14 days of either the expiration of the period for requesting confirmatory analysis of Sample B (as defined below) or the receipt by the B.S.P.S. of a positive analysis of Sample B whichever is the later.
- (ii) The Disciplinary Committee shall investigate the matter and decide within fourteen days of referral pursuant to Rule 63 (1)(g)(i) whether or not to institute disciplinary proceedings for a breach or breaches of this Rule 63 against the Owner and/or Producer and/or any other person within Rule 63(1)(f).

SAMPLING PROCEDURE

- 63.(2) a) Dope Testing may be carried out by personnel authorized by the following Societies: the B.S.P.S., the British Show Horse Association, the National Pony Society, the Coloured Horse & Pony Society (UK) or Sport Horse Breeding of Great Britain and should take place as soon as possible after the participation of the pony in its class provided that it does not interfere with its programme in which case the Dope Testing should take place as soon as possible after the pony has completed its programme.
- b) It is the responsibility of the person in charge of the pony whether it be the Owner or the Producer or other person to supervise the pony from the time of notification of selection for Dope Testing until completion of the Dope Testing.
- c) The Owner, Producer or other person responsible for the pony or his representative shall be entitled to witness the Dope Testing from outside the loose box, horse box or testing area without disturbing the pony but if any such person is not present the Dope Testing will proceed in any event.

- e) The sample must be divided into two parts hereinafter referred to as Sample A and Sample B and the initial analysis of Sample A must be completed within 21 days of receipt of the sample by the laboratory. If the initial analysis produces a suspicious positive result, then the B.S.P.S. may grant such extension as the laboratory requires to complete the analysis.
- f) If the result of the analysis of Sample A is negative then the laboratory may forthwith destroy Sample B.
- g) If the result of the analysis of Sample A is positive then the Owner or Producer may require confirmatory analysis of Sample B, by any laboratory approved by the Horseracing Forensic Laboratory provided that a written request for such confirmatory analysis is received by the B.S.P.S. within 14 days of dispatch by the B.S.P.S. of notification of a positive analysis of Sample A.
- h) The Owner or Producer may request that findings be made in respect of particular matters during the analysis of Sample B on the basis that they be responsible for all additional costs incurred whatever the result of the analysis of Sample B.
- i) Upon receipt of a valid request for confirmatory analysis of Sample B, the B.S.P.S. shall inform the laboratory immediately and the laboratory shall carry out the analysis of Sample B as soon as reasonably possible.
- j) If the result of the analysis of Sample B is positive then the person requesting the analysis shall reimburse the B.S.P.S. the cost of the analysis of Sample A and Sample B forthwith on demand.
- k) If the result of the analysis of Sample A is positive and no valid request for confirmatory analysis of Sample B is received, the Owner shall reimburse the B.S.P.S. the cost of the analysis of Sample A forthwith upon demand.

SECTION Q PRETTY POLLY

AMATEUR HOME-PRODUCED PRETTY POLLY CLASSES AND RULES

TO COMPETE IN PRETTY POLLY CLASSES MEMBERS MUST HAVE BOTH AMATEUR AND HOME-PRODUCED STATUS. It is expected that Exhibitors will compete in the true spirit and fair play of these Rules. The Directors/Board/Council reserve the right, in their absolute discretion, to reclassify an Exhibitor's Amateur/Home Produced status/entry should they deem it necessary. E.g if you ride/compete equines on a regular basis, which you do not stable at home, your Amateur/home-produced status will be reviewed.

269. **Home Produced Status.** Open to Horses/Ponies which are either stabled at home or in a D. I. Y. yard and have not been shown by a Professional Producer since **1st January 2026** or stabled in a Professional yard at any time in the current year. Except where the horse/pony has been purchased from professional producer or been produced by a professional producer and sold/loaned to a home-produced owner/rider, with transfer of ownership and registration with the B.S.P.S, to be stabled at home or a D.I.Y yard may compete in Home Produced classes the following season.

Where the owner is moving their horse/pony to be home produced from the beginning of the current season (1st January) on a permanent basis due to financial or other circumstances where this is a permanent arrangement with approval from the BSPS office they may compete in home produced classes.

Failure to abide by this rule and return the pony to professional production or to be ridden by a professional at any time during the season will result in the owner/rider losing their home-produced status for a minimum period of three years.

270. **Amateur Status** – a person is an Amateur for the purpose of classes run under Association Rules if he/she does not, during the current or previous season:

Ownership: All owners should be registered in the passport as per the latest DEFRA regulations.

271. **Professional Show Producer/Trainer/Rider:** A person who undertakes the preparation/training/keeping at livery, production of show equines/riders or competes as a show Rider or jobbing Rider.

272. **Professional Show Groom:** A person who is employed full, part-time or is self-employed and receives remuneration, monetary or otherwise, for the preparation/training/keeping or production of equines in showing.

No commercial branding can be visible in the ring, during an Amateur class (including Amateur Home Produced); this applies to equines, riders and any attendees; this also includes outside the ring, or online i.e., on social media. Care must be taken to not market sponsorship in any way shape or form which could be then attributed towards an Amateur; any such actions will result in the loss of Amateur status.

273. **Professional Showing Status:** anyone who has operated as a Professional Showing Producer, Show Rider or Show Groom will, for the purposes of these Rules, always be deemed a professional; including when acting as a Groom. (If you are in any doubt as to your status, please contact the office and discuss).

274. **Amateur Status** – a person is an Amateur for the purpose of classes run under Association Rules if he/she does not, during the current or previous season:

(i) Engage in showing livery/production, buying, selling, dealing or hiring of horses in any commercial capacity, or owning/standing a stallion at stud, teaching or coaching, as means of deriving a source of income.

(ii) Receive remuneration, whether it be monetary or goods in kind, for employment in the connection with horses in showing livery/production, teaching or coaching, (instruction at Pony Club and Riding Club excepted). This Rule does not include the suppliers of ancillary services in equestrianism, such as farriers, vets, therapists or administrative office roles.

(iii) Show a horse/pony owned or sponsored by a company or a commercial firm or show a horse/pony for which his/her immediate family accepts showing livery production or training charges, from a person outside the immediate family concerned, in any showing classes, BSPS or otherwise.

(iv) Act as a Brand Ambassador, in any showing classes, BSPS or otherwise.

(v) A competitor is not eligible to compete in Amateur/home-produced classes on an Exhibit, which has been ridden by a Professional Rider in ANY class, BSPS or otherwise during the current year and the following year, up to and including the Royal International Horse Show.

(The above Rule does not apply, if the horse/pony has been Professionally Produced and ONLY ridden by a Professional, during the previous season, or if the horse/pony has subsequently been sold and re-registered under new Ownership).

(vi) If you ride/compete equines on a regular basis, which you do not stable at home, your Amateur/home-produced status will be reviewed by the Board/Council, i.e., if you ride/compete multiple equines or ride regularly for one or more owners, you could be deemed professional.

At any time whilst on the showground, where an Exhibit is going to be competing in Amateur/home-produced classes, Professionals, including Professional Grooms, are not allowed to ride, work-in (in any form), teach or coach the rider/horse, compete, or enter the Ring to groom/strip the Horse.

275. **Amateur Home Produced:** Open to horses/ponies, which are either stabled at home or in a D. I. Y. yard, assisted livery permitted, and which since 1st January in the current year, have not been shown/ridden by a Professional during the current season or stabled in a Professional yard at any time in the current year. To be ridden by an Amateur. This does not exclude Amateur Owner Home Produced riders having lessons at any time with an instructor, providing the horse/pony remains stabled at home. No Professional, including Professional Grooms, are allowed into the ring to groom/strip the horse/pony.

B.S.P.S. CHILD PROTECTION (SAFEGUARDING) PROCEDURE

- Child protection is defined in the Children Act 1989 & 2004 and legislation is in place to protect children from significant harm, abuse (physical/sexual/emotional) neglect and exploitation. The B.S.P.S. ensures its response to safeguarding concerns are in accordance with Working Together to Safeguard Children (2023).
- The British Show Pony Society is primarily a children's society and as such takes its responsibilities to ensure that children competing at our events do so in a safe and protected environment.
- It is acknowledged that when children compete in B.S.P.S. competitions this is done so in the public domain and relationships between children and any officials is different to those of an instructor/trainer relationship. Therefore, safeguards that need to be put in place do not need to be as extensive.
- In all circumstances parents (or those with parental responsibility) remain accountable and responsible for the safety of their children and their own actions and behaviour towards their own and other people's children whilst competing in B.S.P.S. competitions
- The B.S.P.S. takes its responsibilities in this regard very seriously and requires all its paid employees, directors (Council Members), judges and officials who appear in the B.S.P.S. Rule Book, to voluntarily disclose whether they have any convictions, cautions or outstanding matters that would prohibit or make them unsuitable to be in the close proximity of children or vulnerable adults. (This includes criminal convictions that would otherwise be classed as 'spent' under the Rehabilitation of Offenders Act 1974). This declaration authorises the Society to request an Enhanced Disclosure & Barring Certificate on any person where any concerns are raised and to ban anyone who they deem to be unsuitable from membership of the Society. This procedure excludes BHS accredited instructors and yards as they are subject to BHS Safeguarding & Child Protection policy.
- Photographs and videos must only be taken of children (under 18) by parents or those who have parental responsibility for the child or with the authorised consent of those with parental responsibility to do so. Official photographers and or those authorised to live stream events are excluded, parents or those with parental responsibility should advise the official photographer and or those authorised to live stream events if they do not wish their child to be photographed and or live streamed in advance of the class providing the competitor number.
- At B.S.P.S. Championship shows, where children stay overnight on the showground, the Society takes the safety and security very seriously and always contract with an appropriate security provider to minimise risks and ensure that everyone can compete in a safe environment.
- It is everyone's responsibility to report and take action, if they believe any child (or vulnerable adult) is being subject to abuse. In such circumstances, the Society will report these matters to the Police and relevant child protection agencies immediately upon receipt of the information. Information of this nature will not and cannot be kept confidential as the safety of child and young people is paramount.
- Competitors are advised to seek further information from equestrian@safetoplay.co.uk

British Show Pony Society Disability Policy

The British Show Pony Society (B.S.P.S.) is supportive of riders competing in its classes who may suffer from a physical or learning disability.

The Society recognises that horses and ponies can have a very positive impact on the lives of people suffering a disability and as an inclusive organisation, will endeavour to be as supportive as possible in these situations.

Riders who have a disability are welcome to compete in B.S.P.S. classes providing the following criteria are met;

- ✓ All riders are judged equally, one against the other;
- ✓ Riders with a disability must only compete in classes in accordance with the rules and eligibility as described the B.S.P.S. Rule Book;
- ✓ The Society has the right to make reasonable adjustments to allow a rider with a disability to compete in its classes; this is at the sole discretion of the Officers and/or Council of the Society;
- ✓ All riders in B.S.P.S. classes must be competent and able to compete without putting the safety of others at risk
- ✓ Any rider seeking a dispensation card for a permanent or temporary physical disability must also have a doctors letter stating their fitness to ride in the class (Rule 49; No rider may compete in B.S.P.S. Classes with any type of broken limb).

This policy does not set out all of the circumstances of what are and will be approved as reasonable adjustments to enable a rider with a disability to compete in B.S.P.S. classes.

For example; the Society already issues dispensation cards for riders with a permanent or temporary disability to allow another person to complete the 'In Hand' section of a class (Rule 48).

It is recognised that riders with, for example, hearing loss or learning difficulties may require extra patience and care from stewards, judges and officials to ensure they clearly understand any instructions given to them, e.g., setting a show or being asked questions by the judge. In such circumstances, the parent or those with responsibility for care of the competitor must advise the steward in advance of the class, who will then ensure the judge, is made aware of the particular circumstances in advance of the class commencing and make reasonable adjustments.

Any member who has any issues or concerns regarding competing in B.S.P.S. classes with any form of disability, should contact the Executive Officer of the Society

The Showing Council Equine Welfare and General Best Practice Guidance and Unified Rules Pack

The BSPS is supportive of the Showing Council Equine Welfare and General Best Practice Guidance and Unified Rules. This is a 'best practice' guidance. Where the practice is exactly aligned with the BSPS rules, these are denoted with the Showing Council icon. Where the BSPS rules exceed the guidance, these are noted in **bold** below the relevant wording. Where the document differs or exceeds the BSPS Rules these are noted in *italics*. The BSPS rules take precedence and must be adhered to.

Status of this Guidance

- This document has been produced by The Showing Council and represents welfare-led best practice guidance in keeping with our wish to uphold our Social Licence to Operate.
- This document has been developed to support responsible ownership, promote best practice, and will continually seek to support improvement of the ways in which we keep our horses by prioritising their wellbeing.
- A scientific evidence base supports its recommendations and will be reviewed annually as new evidence emerges.
- All Member Bodies are strongly recommended to follow this guidance.
- If a Member Body decides they do not wish to follow this guidance, the responsibility and the liability shall be their own. A guidance document, such as this, can be used as a benchmark for standards when used within a court of law.
- This guidance principally applies to events, although some aspects apply equally outside the competition environment.
- This guidance is provided for Competitors, Owners, Producers, Show Organisers, Judges, Show Officials and Volunteers. For simplicity the term **Exhibitor** will generally be used throughout the document to cover many of these categories.
- This document is intended to provide guidance for the wellbeing of all equids (horses, ponies, donkeys and their hybrids). For simplicity we will use the term horse.
- Where the  symbol appears, this element of the guidance is unified and accepted across all the Showing Council's member bodies

Underpinning welfare principles

The standards developed under British Equestrian's (BEF) Charter for the Horse have helped our approach to this guidance. As a member of BEF, The Showing Council has committed to endorse the highest standards of equine welfare, wellbeing and ethics included in this Charter.

The Charter for the Horse has been developed with BEF stakeholder groups to be adopted across the equestrian industry. Under the six headings of **empathy, care, respect, consideration, ethics and learning**, the Charter outlines actions we must observe to guarantee the individual mental, physical and behavioural needs of our horses are met.

At the heart of the Charter are the internationally recognised 'three Fs' of freedom, friends and forage, and the Five Domains Model (Mellor et al 2020) which refer to **nutrition, physical**

environment, health, behavioural interactions and mental state as the crucial factors for an animal's positive experience.

The Five Domains Model emphasises both the negative and positive aspects of welfare, moving beyond preventing suffering to **positively promoting wellbeing and helping horses attain a good life**. It is widely used in research, policy-making and veterinary practice and across all animal keeping sectors and may also be known as good husbandry.

General

1. This guidance should be interpreted in the spirit of integrity, transparency and common sense.
2. It was initially developed in conjunction with the British Horse Society which kindly continues to support us. We are grateful for help provided by British Equestrian and The Horse Trust.
3. The relevant laws that underpin this guidance are the Animal Welfare Act (2006), the Animal Health and Welfare (Scotland) Act 2006, the Welfare of Animals Act (Northern Ireland) 2011, The Protection of Animals During Transport Council Regulation (EC) 1/2005 as implemented by The Welfare of Animals (Transport) (England) Order 2006 and corresponding legislation in the devolved administrations. These are collectively referred to as the **Welfare Acts**. Every exhibitor has a duty of care to ensure a horse's wellbeing under the Welfare Acts, failure to do so may lead to prosecution in a court of law.
4. For horses of all ages, at all stages during preparation and training, welfare is paramount. This includes, but is not limited to good horse management, training methods, farriery, use and fitting of tack and transportation, on and off the showground. At no time should welfare of the horse be subordinated to commercial or competitive interests. 
5. There is a requirement upon all exhibitors to inform member bodies or show organisers as soon as possible if they have witnessed unacceptable practices. 
6. In any and all contact with horses, exhibitors must be suitably and safely dressed. This means wearing correctly fitted current standard safety body protection, headwear, suitable footwear and gloves. In jumping classes, current standard safety body protection should be worn and this is a requirement for riders under 16 years of age.
In any contact with horses, exhibitors must be suitably and safely dressed. This means when riding, whether warming up or competing and lunging correctly fitted current safety headwear, suitable footwear and gloves, should be worn, this a requirement for anyone under 18 years of age. In jumping classes, current standard body protection should be worn and this a requirement for riders under 18 years of age.
BSPS Rules 50, body protectors to be worn by competitors in any WHP and WSP classes and when warming up for these classes. Please see BSPS Rules 43 regarding hat specification and rules 44, 45, 46, 47, 48, 49 and 50.

Forbidden substances

This means banned substances and controlled medication.

7. No substance can be administered to a horse before entering or on a showground which may mask an underlying health problem, enhance performance or bring about sedation, whether that horse is intended to compete or not. 
8. At the current time there is no unified anti-doping policy run by The Showing Council, all Member Bodies should have one of their own. 

Biosecurity

This means the methods we use to promote good health and reduce the spread of infectious disease. Both the owners and keepers of horses, along with veterinary surgeons, have a legal duty to report any suspicion of a specified communicable (designated as “notifiable”) equine disease to the Animal & Plant Health Agency (APHA).

9. The risk of spreading equine disease is significant when attending shows. Exhibitors should not attend a show if there is a disease outbreak at their yard or nearby, even if the horse appears well, because some diseases have an incubation period of up to 21 days. 
10. Exhibitors should be aware of their horses' usual temperature and vital signs in order that they can identify when they deviate from the norm, potentially indicating that they are incubating disease. Further information is available on the British Equestrian website in the Health & Biosecurity section¹. 
11. Vaccinations. Exhibitors must check the specific vaccination requirements for each event and comply with vaccination requirements of affiliated societies. 
12. For show organisers, it is advisable to check the vaccination rules of a particular venue when hiring equestrian facilities and notify exhibitors in advance of any specific requirements. 
13. Equine identification is central to traceability in the event of disease. Exhibitors must ensure that they comply with the relevant equine identification regulations for the region they live in and are travelling to/from - which includes making sure that the ownership details in their horses' identification documents are up to date². 
14. Should a competition be part of a wider FEI show then FEI Regulations will take precedence. 

¹ <https://www.britishequestrian.org.uk/equine/health-biosecurity/biosecurity>

15. To prevent the spread of disease, horses should not share water buckets or troughs. Exhibitors are strongly advised to provide their own feed, buckets, hay nets and not to loan or borrow grooming kit, tack or other equipment. (U)
16. There is an increased disease risk when stabling horses away from home. Best practice is to remove any pre-existing bedding and treat the stable with an effective disinfectant before bedding down with fresh bedding material. (U)
17. Horses that are not competing may only be on the showground by prior arrangement with the show organiser. (U)

Transport –

18. Exhibitors should familiarise themselves with the Welfare Acts, listed on page 3, to ensure they have the necessary vehicle and transporter authorisation.
19. A Certificate of Competence for transporting horses is a compulsory qualification for individuals transporting horses for economic purposes/activity on journeys over 65km (40 miles) in the UK. This will demonstrate an individual (either the driver or attendant) has been assessed and has the knowledge and skills to ensure the welfare of the horses during transit. The qualification covers various aspects of animal welfare, transport regulations, and practical handling. Economic activity is not defined in the regulations but would include anyone transporting horses for hire or reward or in the course of business or trade and can include those paid to transport horses to an event.
20. A general duty of care exists under UK domestic law, primarily the Animal Welfare Act 2006, which mandates that all owners and keepers must prevent their horses from suffering and meet their welfare needs. This means any person transporting horses must ensure they are prepared for and habituated to undertake the journey (both mentally and physically) and that the journey is planned to be as short as possible, and that the transport conditions, including space, ventilation, access to food, water, and rest, are appropriate so as to ensure the horse's wellbeing.
21. In extremes of temperatures, consideration must be given to the best time of day to travel and to minimising travel outside of these times.
22. Travelling can be stressful and tiring for horses and can compromise their wellbeing, potentially weakening their immune systems. This should be taken into consideration at all times, particularly during the busy show season, avoiding frequent long journeys.
23. Transported horses must be accompanied by their up to date equine identification document (passport) in accordance with Equine Identification Regulations for England, Scotland, Wales, Northern Ireland and across these borders.
24. Any vehicle used to transport horses must be safe and designed for the purpose.
25. It is recommended that horsebox or trailer recovery insurance is in place.

Welfare of horses

26. Responsibility for the horse lies with the owner (even if they are not present) as well as the individual who is in charge of the horse (or keeper) on the day of a show. All those responsible for horses have a duty of care in all circumstances to meet their horse's welfare needs as undertaken in the Charter for the Horse and as set out in law. These people must follow the advice of stewards and officials.
27. Sensory hairs provide natural protection and are important for equine wellbeing and comfort. The hard hairs located on the horse's muzzle (nose and mouth) and around the eyes are also known as 'whiskers'. Sensory hairs should not be trimmed, clipped, shaved or removed other than for veterinary purposes where a vet's letter should be provided in good time to the relevant member body/show organiser.
28. Sensitive hairs are also found inside the horse's ear. These hairs are a barrier to foreign objects entering the ear canal. Trimming of ear hair should be minimised.
Judges will penalise ponies that have been excessively clipped or trimmed within the breed standard. (Rule 310)
*Judges should not penalise ponies who have had their sensory hairs trimmed in plaited classes. Judges **must** penalise ponies whose sensory hairs have been trimmed in Mountain and Moorland classes and who are not shown in accordance with their breed standard. (Rule 475)*
29. No exhibitor shall be penalised for leaving a horse's sensory or sensitive hairs untrimmed. (U)
30. Weighted Tails should not be used. (U)
31. Nose nets should not be used. (U)

32. Blood before competition. On occasions a horse may accidentally injure themselves whilst travelling or whilst being warmed up. Each situation shall be individually considered by a veterinary surgeon in consultation with officials, and a decision taken as to whether the horse may continue to compete. 
33. Blood in competition. Blood on the flanks, mouth or nose during competition shall lead to elimination. Abrasions in the same areas that have not yet resulted in blood will be referred to a veterinary surgeon who may, following examination and consultation with officials, determine an approach that can safely be taken.
This will only happen if a vet is present at the showground.
34. Blood or abrasions in other areas on the body shall be considered by a veterinary surgeon who may, following examination and consultation with officials, determine an approach that can safely be taken.
35. In the event that a show does not retain a veterinary surgeon on site for the event, an alternative suitably qualified and experienced person shall be appointed to intervene by the Show Organiser.
36. Horses and exhibitors must be fit, well prepared and competent enough for the work asked of them, including the journeys to and from the event, in order to compete.
37. Body Condition Score³. All horses should be fit and healthy for the competition they are participating in or the work they are undertaking, this means a body condition score of 2.5-3. Horses should not compete with a body Condition Score of below 2 or above 4.5 on the Carroll & Huntingdon Scale. A healthy body condition significantly decreases the risk of developing serious health issues such as:
- Equine metabolic syndrome
 - Laminitis
 - Arthritis
 - Increased stress on heart and lungs and breathing difficulties
 - Increased risk of development of orthopaedic problems in young and growing horses
 - Strain on feet, joints and limbs
 - Inefficient body temperature cooling

The Showing Council and its member bodies continue to work closely with The Horse Trust's Body Condition Awards scheme (#weightowin).

Whips, canes and spurs

38. Show Canes and whips must not exceed 75cms (30") in any classes (ridden or in-hand). 
39. Hunting crops are only permissible for riders over the age of 18 in ridden championship classes. - *BSPS 52, rule hunting crops are permissible for riders of any age.*
40. The use of schooling whips is not permitted within any area of a showground, with the exception of classes where British Dressage tests form part of the assessment, and are permitted for those exhibitors only. 
41. Padded whips may be used provided they do not exceed 75cms (30"). The end of the whip must be padded and smooth with no raised surface and must be made of shock absorbing material throughout. - **BSPS Rule 52, padded whips compulsory for WHP.**
42. When lunging, the use of a lunging whip is permitted, but it must not come into contact with the horse.
43. A whip or cane, not more than one metre in length 99cms (39"), may be carried in Side Saddle classes, and be of sufficient length to be used as a "right leg". **Not applicable as BSPS do not hold side saddle classes.**
44. A whip must only be used as a light tap to support leg aids in encouraging the horse to go forwards, or to help the rider to encourage the horse in the right direction, such as down the shoulder to keep a horse straight on the approach to a fence. 
45. A whip must never come into contact with the horse more than twice in any incidence. 
46. The arm must never be raised above the shoulder whilst using the whip. 
47. The whip must always be carried and used in the backhand position (handle pointed upwards) and never in the forehand position (handle pointed downwards).
48. If whips are used in anger, or against the head or neck, the competitor will be referred to the steward, the official veterinarian and the organiser, who will expel them from the event. BSPS rule 52 states that excessive use of the whip will result in disqualification of the horse and rider for any class on the day.

49. Spurs may be worn for warming up only if permitted within the rules of a class(es) the horse is competing in. BSPS Rule 51, spurs are not permitted in any BSPS classes.

50. Spurs must only be made of smooth material (metal or plastic) and must be blunt. The overall length should not exceed 2cm from the back of the boot to the end of the spur. Not applicable in BSPS classes.

51. Spurs may only be used lightly to reinforce leg aids and must never be used to reprimand a horse. If they are, the competitor will be referred to the steward, official veterinarian and the organiser and will be expelled from the event. Not applicable in BSPS Classes.

Tack and equipment

52. When their horses are out of the stable or vehicle, exhibitors must ensure that numbers are worn at all times in order that they can be clearly identified. The BSPS deems this as best practice and competitors must adhere to show rules. However, it is recognised that for shows with entries taken on the day competitors often warm-up whilst entries and numbers are being made and collected.

53. Tack must always be designed and fitted correctly and used in a way that protects and safeguards the welfare and safety of both horse and exhibitor. Tack that has been modified is not permissible.

54. Horses must only be warmed up and ridden in tack and/or equipment that is permitted within the class(es) that they are competing in, with the exception of a correctly fitted running or standing martingale.

55. If used, a standing martingale may only be attached to a cavesson noseband, not to the higher or lower straps of a grackle noseband. Currently in the warming up policy.

56. Officials may use measuring devices to make sure that nosebands are not too tight. For example - FEI-regulated equestrian events mandate the use of a standardised measuring device to ensure nosebands are not too tight. The device slides under the noseband on the horse's nasal bone and if it cannot pass through easily, the noseband is too tight and will require loosening. This can only be carried out by FEI stewards or at BSPS affiliated shows the BSPS Welfare Officer or somebody authorized by them to carry out this task.

57. Neck straps are permitted.

58. Bits must be smooth and never be used to reprimand a horse. BSPS rule 57, bitless bridles, running gags and fixed/solid metal curb chains and any form of blinker or amended bridles are not permitted.

59. No modifications to a bit manufacturer's standards are permitted, and curb chains must only be attached using the curb chain hooks.

60. For guidelines on the use of bandages and boots, refer to the relevant society. Please see BSPS Rule 60.

Welfare of the horse on the showground

61. Horses must not be undersized for the rider (applicable to both adults and children) when being ridden in the ring or warmed up. Where we refer to size, we take into account both height and build of the rider.

62. It is recommended that the weight a horse is required to carry, including tack and equipment, should ideally be between 15-17% of their horse's body weight, and no more than 20%, as set out in the graphic below provided by the Suitably Mounted Group⁵

63. A horse's body condition score should be under 4 (ideally 2.5-3) according to the Carroll & Huntingdon Scale. Find out how to Body Condition Score your horse⁶

64. No horse should be left unattended unless they are in a stable or horsebox/trailer and have been well habituated enough to remain comfortable being left.

6 Body Condition Scoring <https://storage.googleapis.com/worldhorsewelfare-cloud/2025/01/9d2f5fde-fat-scoring-instructions-and-resources-dec24.pdf>

65. Supervised horses tied to the outside of a horsebox/trailer must be safely tied, using a quick release knot or device, and never tied to a hay net.

66. All horses must have regular access to forage and water.

67. Weather conditions affect a horse's needs. Exhibitors must make the necessary adjustments to safeguard wellbeing in adverse conditions such as very high or very low temperatures or excessively wet conditions.

68. During hot weather the temperature in horseboxes/trailers becomes high very quickly and in order to maximise air flow, windows and roof vents must be kept open and ramps left down provided it is safe to do so. Horses must be well hydrated and cooled⁷.

69. During wet weather, consideration should be given to using waterproof sheets whilst warming up and these can be kept over the horse's hind quarters until they enter the class. At the discretion of the judge, grooms may enter the ring to provide a waterproof sheet in inclement weather.

70. No horse should be ridden or lunged for an extended period. "Extended period" is not defined for the time being, however a maximum duration may be added as necessary. It is preferable to manage the horse's day to day environment at home, in line with the Charter for the Horse agreement, using a combination of training, ridden work, work from the ground and turnout, such that prolonged riding in or lunging periods at events are not needed.

71. Lunging duration is indicated by the age and fitness of the horse as well as weather conditions but should not in any case exceed 10 minutes, based on walk, trot and canter all being included, equally on each rein. FEI lunging guidance is here⁸
BSPS Policy states - Horses/ponies should be warmed up for an appropriate amount of time depending on their age, level of fitness, maturity and the surface on which they are being worked and the prevailing weather conditions. It is good practice to lunge for a maximum of 10 minutes on each rein.

72. All handlers lunging horses must be over the age of 16 and do so within a designated safe space. 

73. Horses must be lunged in a cavesson or bridle with the noseband removed, or a head collar.

74. Ideally horses would be warmed up unrestricted. If side reins are used, they may only be of the flexible/elasticated type. **Only when lunging.**

75. Lunge whips are for safety and guidance and must never be used against the horse.

76. Long reining is not permitted.

Stabling

7 Cooling of horses <https://www.fei.org/stories/lifestyle/teach-me/3-steps-cooling-down-your-horse-cavalor>

8 Lunging of horses <https://www.fei.org/stories/lifestyle/my-equestrian-life/how-structure-20-minute-lunging-session-your-horse>

77. It is the responsibility of the Exhibitor to ensure overnight provisions and stabling offer the space to lie down, get up and turn around and unrestricted clean, fresh water in a safely contained space. Provision of facilities should be checked in advance of arrival at a show since horses must not be kept overnight in a horsebox/trailer.

Age & gender of horses

78. Horses under four years of age must not be ridden at any event.

79. Pregnant mares are not permitted to compete under saddle without the prior written agreement of a veterinary surgeon.

80. Mares may not be ridden after six months of gestation.

81. Mares with a foal at foot, born during the current year may not be shown in ridden classes.
82. When stallions are being exhibited, a stallion disc must be worn on the bridle. The exhibitor must be at least 16 years of age and competent to handle, compete or strip the horse in the ring and/or lunge.
BSPS rules on age of riders for stallions, for LIHS Performance Pony and Sports Pony, stallions not exceeding 148cm riders must be 14 years old or over on 1st January in the current year. Stallions exceeding 148cm, riders must be 16 years old or over on 1st January in the current year. M&M small breeds, stallions not exceeding 138cm riders must be 12 or over on 1st January in the current year. Large breed stallions exceeding 138cm riders must be 14 years old or over on 1st January in the current year.
83. Stallions should be noted on all activity application/entry forms and if being stabled must be in a suitable and safe environment with regard to other horses stabled in close proximity.
84. When being led, stallions must be led from a bit with reins or with a lead rein.
85. The temperament of all horses must be taken into consideration and he should not be on a showground if they are likely to be a danger to anyone or any other horse present.
86. All horses, especially young and/or inexperienced horses require quiet, confident handling which must be carried out by someone with the necessary skills and experience.

General conduct and responsibilities

87. Under the Welfare Acts (page 3), parents/guardians of those under 16 years old are responsible for the welfare of young peoples' horses and must supervise them at all times.
88. Exhibitors must consider the Health and Safety of other people at the event and must not behave in any way that could cause accident, injury or stress or harassment to any other person.
89. Where young handler classes are scheduled, societies should have documented processes to ensure that safety protocols are in place.
90. When riding outside the warm-up areas and show rings, exhibitors should remain in walk or controlled trot and be vigilant at all times.
91. Horses must be ridden or led in designated horse-walks, where provided.
92. Grooms and spectators must use designated pedestrian walkways
93. Exhibitors should adhere to the rules of warming up in an arena or other dedicated space:
 - a. passing left-hand to left-hand
 - b. only making a tack adjustment when safe to do so
 - c. announcing the intention to enter an indoor practice arena
 - d. not halting or walking on the outside track
 - e. giving way to the faster pace
94. When lunging is allowed, exhibitors must only do so in designated areas and at such times that do not interfere with others.
95. Exhibitors should keep alert for potential problems and maintain a sensible distance from any individual having difficulties with their horse.
96. Any horse that falls in a warm-up area should only compete with the agreement of an official veterinary surgeon or other suitably qualified and experienced person as advised by the Show Organiser.
97. In a jumping warm up arena, no horse should jump a fence in the wrong direction and fences must be flagged accordingly at all times.
98. Practice fences should be no higher than permitted in a competition nor modified nor added-to in any way.

Conduct in the show ring

99. Exhibitors must behave in a safe and respectful manner at all times.
100. Exhibitors must follow instructions from the judge, ring stewards or veterinary surgeon at all times.
101. The amount of work and number of classes a horse participates in must be in accordance with its age, experience and fitness.
102. No one under the age of 16 years may enter a show ring to groom, strip or handle horses. 
103. Those entering show rings must be suitably and safely dressed.

Insurance

104. All exhibitors are strongly advised to have Public Liability insurance in place to provide cover for potential third-party injury or property damage arising from legal liability or negligence. This is a standard requirement of entry for many events. **This is a requirement for anyone entering a BSPS affiliated show and/or class.**
105. Personal Accident insurance, in addition to Public Liability insurance, should be in place for all judges. **The BSPS has comprehensive insurance in place for judges and officials.**

Conduct of show organisers with regard to spectators

106. Organisers should put in place adequate information/signage to ensure that:

- a. Children (under 16 years of age) are fully supervised at all times and people who are not directly connected to an exhibitor remain at a safe distance from horses.
- b. Prams or buggies are prohibited from all warm up arenas, stabling areas and horse walks. In the lorry park they must be kept at a safe distance from horses and overseen at all times.
- c. Spectators are made aware they should not run, shout or cause excessive noise in the vicinity of horses and are prohibited from entering lorry parks and stabling areas without the necessary access pass.
- d. If dogs are allowed on the showground they must be kept on a short lead away from horses and safely managed at all times.
- e. Dogs must be given access to water and not left unattended in vehicles in hot conditions.

Provision for equine veterinary and emergency treatment at events

110. Show Organisers should carry out a risk assessment with regard to the provision of on site veterinary provision.
111. At some Shows a veterinary surgeon may not actually be in attendance, in which case the Show Organiser should ensure that a veterinary surgeon is available 'on call' and within reasonable driving time (suggested maximum 20 minutes).
112. Show Organisers should plan for the provision of adequate interim care whilst awaiting arrival of veterinary cover.
113. All shows should endeavour to have:
 - Communication for use in an emergency which have been circulated in advance to relevant parties and rehearsed
 - Good accessibility to the venue and planned routes to bring in equipment directly to a patient as quickly and efficiently as possible
 - Facilities for dealing with minor injuries, e.g. clean stable or other covered well-lit area and provision of clean water
 - A horse ambulance for equines to be transferred to a referral facility if necessary and a plan for where and how euthanasia is to be carried out if necessary
 - A designated responsible person to attend and oversee any significant occurrence and to act as a liaison point with the show organiser.
 - The responsible person must be capable of producing an accurate record at the scene of any incident, to include taking photographs and logging contact details of relevant persons including witnesses.
 - A screens protocol, in place to ensure privacy for both equestrian and exhibitor injuries, to be rehearsed in advance.
 - An emergency incident communications plan, including appointment of spokesperson, prepared draft media statements and social media protocol to promote positive communication, minimise distress to all affected parties and reduce likelihood of disinformation
 - Under the provisions of the Welfare Acts (page 3) there is joint responsibility between exhibitors and show organisers, however the exhibitor of a horse has prime responsibility for its welfare and as such must ensure that:
 - The owner is clearly identified on the entry form
 - Next of kin stated
 - Contact details are listed in case of an emergency during the day, or night if their horse is being stabled
 - It is clear who has responsibility for making decisions about their horse with regard to provision of emergency treatment, transfer to a surgical facility and/or euthanasia
